

# HRD CORP TRAIN THE TRAINER CERTIFICATION COURSE

Get yourself certified, accredited and recognized as a competent certified trainer.

## KEY LEARNING OBJECTIVES & OUTCOME

- Define key training, facilitating and presenting concepts
- Identify participant training needs
- Create lesson plans that are targeted to delivering the learning objectives of your participants
- Create a conducive and engaging learning environment
- Identify the different visual aids and training materials and use them appropriately
- Identify difficult participants and unpleasant topics and provide solutions to these concerns
- Apply innovative methods in your training designs to accelerate the learning process
- Analyze corporate culture and align it to your training objectives
- Use a needs assessment to identify the most effective training approaches

Having more than 16 years of experience in the training arena, our trainers are known to facilitate their programs using a practical, hands-on approach, time flies in their programs and before you know it, you would have benefitted and enjoyed 5 powerful, fulfilling, life changing and significant days of the HRD Train-the-Trainer Certification program
